Find the 22 hidden Bible Books

In these remarkable paragraphs are hidden the names of twenty two of the sixty six books of the Bible. To find them you don't need to be a pro. Verbs and nouns will bring a sudden revelation of the truth as you keep looking over them. You may get into a jam, especially since the books are not capitalised but if you search in a humble attitude and have the courage necessary to endure a little normal aching of the head, it will be E. Z.!! Rather fun in fact. So, go ahead and tackle the job.

I must warn you, it is a lulu - keeps some people looking so hard they peter out and fall asleep in their chairs, but one lady says he brews coffee to keep alert and she flies from answer to answer. I must admit it usually takes a good while to find some of the names. Then there are loud lamentations when you see how simple some of those actually were. Yes, there will be numbers of possibilities that may require judges to determine, but in all you will find it a most fascinating puzzle!!
